PROVIDER ACCESS POLICY

Policy Date: March 2019 Last updated: March 2024

Date review due: December 2024

Staff responsible: Richard Vale – Head of Careers

The Ilfracombe Academy: Provider Access Policy

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil entitlement

All pupils in years 8-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as
 part of a careers programme which provides information on the full range of education and
 training options available at each transition point;
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- To understand how to make applications for the full range of academic and technical courses.

Management of provider access requests

Procedure:

A provider wishing to request access should contact Richard Vale, Head of Careers.

Telephone: 01271 863427

Email: rvale@ilfracombeacademy.org.uk

When delivering an activity within the school a provider will:

- Be requested to adhere to our safeguarding and DBS policy
- Be accompanied at all time whilst in the school unless the correct level of DBS is in place
- Be asked to participate in feedback sessions/data analysis where appropriate.

We would also ask that your activity in school provides:

- information about the provider and the approved technical education qualifications or apprenticeships that the provider offers
- information about the careers to which those technical education qualifications or apprenticeships might lead
- a description of what learning or training with the provider is like
- responses to questions from the pupils about the provider or approved technical education qualifications and apprenticeships

Please note that the school can provide advice and guidance on appropriate topics and delivery methods as required and is also willing and able to accept online forms of delivery including MS Teams or other suitable platforms.

Any feedback, issues of complaints relating to your experience within school should be emailed directly to the careers lead Richard Vale on: rvale@ilfracombeacademy.org.uk or careers admin Allison Bird on: abird@ilfracombeacademy.org.uk

Opportunities for access

Below outlines key elements of our careers programme and highlighted in red are some of the activities that offer providers the best opportunity to come into school to speak to pupils:

| | Year 8 | Year 9 | Year 10 | Year 11 | Sixth Form |

| | | be aspirational | | | |

Please speak to our Head of Careers to identify the most suitable opportunity for you whether it is listed above or something you would like to suggest. We are always keen to work with new employers and providers.

Training Providers

During the student career journey they will have encounters with a number of different training providers, many of whom visit the school for 'Next Steps Day' in May and the Y10 specific 'You're Hired' event in June. We also work with CSW Group and NSSW throughout the academic year to provide further information and guidance regarding all forms of qualifications including T-Levels, apprenticeships and higher-level technical qualifications. There are also trips to some providers and the opportunity for assemblies with different year groups (Year 8 upwards) across the year.

Providers we regularly work with: PETROC, Exeter College, Bicton College, Skern, Exeter University, CSW Group, NSSW.

Destinations

We are proud of our historical destination data where NEET students are rare. We have a large number of students go on to university study including Oxbridge and Russell Group. We have also seen students go on to follow higher education courses at PETROC, Exeter College and Bicton

College. Some students move straight into employment and we have a number of ex-students now working with local companies such as TDK Lambda, PALL and Perrigo.

Premises and facilities

The school will make St Christopher's Hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Grounds for granting and refusing access

All requests are on a case by case basis, we really value any support with our careers programme. A large part of our careers offer is the annual Next Steps Day and You're Hired events that depend on local business and education providers.
